

PPI Connected Services

Simplify Carrier Feeds. Unlock More Value.

When your payroll system is also your benefits system, connecting to carriers can get complicated—and expensive. PPI Connected Services makes it simple. With one connection to PPI, you avoid multiple payroll vendor feed fees, streamline carrier changes, and unlock powerful downstream services like consolidated billing and COBRA administration—all at no additional cost to you.

Why Employers Choose PPI Connected Services

- ▶ **One Connection, Less Complexity:** Your payroll vendor builds one feed to PPI—not multiple feeds to each carrier—saving time, reducing errors, and avoiding per-feed charges.
- ▶ **Project-Managed Setup:** PPI manages the feed setup process, working directly with carriers—even those that don't accept direct feeds from smaller groups.
- ▶ **Cost Savings Now and Later:** Avoid vendor charges for multiple feeds today and future costs when carriers change. PPI simply redirects feeds—no rebuild required.
- ▶ **Unlock Value-Added Services:** PPI's carrier arrangements allow us to offer consolidated billing and COBRA admin at no additional cost—adding value without adding expense.
- ▶ **Dedicated Support:** A PPI service team and dedicated account manager handle urgent enrollments, billing issues, and more.
- ▶ **Data Accuracy:** PPI scrubs incoming payroll files to ensure employees get into carrier systems on time.

Without PPI	With PPI
 Multiple Carrier Feeds Cost per feed	 Single Feed to PPI No per carrier feed cost
 New Carrier Rebuilds Carrier changes=new feed \$\$	 Painless Carrier Changes No cost for new feeds
 Multiple Carrier Bills Carriers Bill Direct	 One Bill/One Payment Single, consolidated invoice
 COBRA Administration Add-on Likely an additional charge	 COBRA Administration Included
 Limited Support Call center-based service	 Service with Heart Real people, real help
 Little Data Feed Oversight Discrepancies delay coverage	 Data Team Oversight Accurate carrier eligibility

Benefits. Technology. Heart.
