

MyChoice Mobile App

Access benefits anytime, anywhere

The award-winning¹ MyChoice® Mobile App puts the power of SelfEnroll in the palm of employees' hands, giving them access to their benefits information where and when they need it.

For Employers:

- Reduce calls and questions by providing employees with easy access to benefits information.
- Increase mobile enrollments during open enrollment.
- Help eliminate the need to recover SelfEnroll passwords thanks to Single-Sign-On.
- Employees can quickly upload necessary documents within the App.

For Employees:

- View details of their benefits plans.
- View beneficiaries for applicable insurance policies.
- Stay on top of important deadlines and send and receive important documents.
- Upload and store ID cards.
- Easily contact a Member Advocate.
- View MyChoice Accounts spending account balances, claim transaction history, and submit a claim.

1. The MyChoice® Mobile App was awarded Gold in the fall 202 Digital Health Awards

Benefits. Technology. Heart.
