Download the W2 Cost of Coverage Report

Overview

The Cost of Coverage (W2) Report helps clients assemble cost of health care coverage information for W2 reporting required under PPACA. The report displays medical cost information by month based on each member's medical plan enrollment. If a member continued medical coverage under COBRA, cost information is included whether or not PPI was the COBRA administrator.

The Cost of Coverage Report is available to clients with online billing and to administrators with access to view their PPI invoices. If you are not currently set up for online billing and would like to sign up, please email clientservices@ppibenefits.com.

Please note that the information in this report is a good faith effort to re-create cost based on plan enrollment known through the current bill cycle and will not necessarily correspond to each month's invoice due to timing, adjustments, retro rate or plan changes, etc.

Access Your Report

1. Log in to the Employer Portal at www.ppibenefits.com.
2. Click the "Bills & Payment" tab.
3. Scroll down to the Reports section and click "Download" in the "Cost of Coverage Report" tile.
4. Select whether to Open or Save the report.

You can also download the report from the Vault. Select "Cost of Coverage" from the Folders menu then click the download icon from the Action column in the table.
